

HIGH PERFORMANCE INTELLIGENT DRYING SYSTEM

To catch up the
global trend of smart
factory, we have
invented a series of
smart drying system.

YUJYE TECHNOLOGY CO., LTD

Yujye Tech. was
established in 2010 with
specialists from high-tech
fields, We mainly support
customers with
Automation projects,
Water treatment system,
and Smart drying system.

FAMILY

1507*1151*A
200KG

Dehumidification Cap:
30~150 (KG/HR)

RH Range: 12~7%

Power need: Accordingly

Air pressure: 5~10KG

ATOM

480*600*950
50KG

Dehumidification Cap:
15~30 (KG/HR)

RH Range: 12~8%

Power need: 220 / 5A

Consumed power: 1000W

Air pressure: 5~10KG

SINGLE

610*880*1200
80KG

Dehumidification Cap:
30~150 (KG/HR)

RH Range: 12~7%

Power need: 220 / 10A

Consumed power: 1400W

Air pressure: 3~10KG

VALUE SUIT

400*600*800
50KG

Dehumidification Cap:
3 ~ 20 (KG/HR)

RH Range: 12~8%

Power need: 220 / 5A

Consumed power: 1000W

Air pressure: 3~10KG

STANDARD: Automatic control system / RS485
communication port / dp and RH control

OPTIONAL: Electronic dp sensor/Double air input
function/ Instant moisture measurement system
